Covenants Governing Sheds

4.11 Each lot (or adjoining lot complying with the standards of Section 4.1) containing a single-family residence or multi-family residence may contain up to three storage sheds that comply with the provisions and approval requirements of this Section 4.11. Each lot (or adjoining lot complying with the standards of Section 4.1) not containing a single-family residence or multi-family residence may contain one storage shed that complies with the provisions and approval of this Section 4.11. The property owner shall submit a storage shed application to, and must receive approval from, the Architectural Committee before starting construction (or placement) of the storage shed. All storage sheds must meet the following requirements:

- a. All storage sheds must meet applicable setback requirements of Section 3.2 and be in the appropriate location on the lot, as determined by the Architectural Committee.
- b. All storage sheds must be constructed of materials in conformance with Section 4.5.
- c. No Storage shed may be larger than 120 square feet when measured at the base nor exceed 10 feet in height measured from the ground at the exterior base to the highest point of the roof, not to exceed the maximum height restriction of the lot.
- d. No storage shed may be placed on a permanent foundation. Storage sheds must be placed on pier blocks, skids or other similar non-permanent supporting bases.
- e. Storage sheds may contain eaves that do not extend more than 18 inches beyond the exterior wall of the storage shed. No structures, including, but not limited to, decks, lean-tos, garages, shops, patios, carports, other sheds or RV covers, may be attached to or adjoin a storage shed.
- f. No storage shed may contain plumbing fixtures or lines, either supply or waste.
- g. Storage sheds may be used for storage of materials only. Storage sheds may not be used as living quarters, sleeping areas or otherwise for human habitation.

4.11 a. A construction storage unit is allowed for a maximum time frame of 1 year provided; 1.) it's not placed within the required setbacks, 2.) no higher than 10' maximum, 3.) 250 square feet maximum, 4.) no living quarters, 5.) no plumbing and a Pacific County construction permit must be in place.
